| <p><b>DEPARTMENT</b></p> <p>Critical Worker Benefit Program:</p> <p><b>Complete payment verification processes</b></p> <p>We recommend that the Department of Jobs, Economy, Trade and Immigration, as program lead, coordinate and complete processes to verify approved critical workers received their benefit payment.</p> <hr/> <p><b>Consequences of not taking action:</b> The design of the program resulted in a significant program risk as payments were not made directly to the benefit recipient, as normally is done. If the department does not complete payment verification processes, it will not be able to provide reasonable assurance that critical workers approved for the benefit, received it.</p>                                                                                                                                                                                                                                                                                                                                                                                                                   | <b><u>March 2023, p. 11</u></b> | <b>Ready for Assessment</b> |
| <p><b>DEPARTMENT</b></p> <p>Indigenous Economic Participation:</p> <p><b>Improve performance reporting process</b></p> <p>We recommend that the Department of Jobs, Economy, Trade and Immigration improve its performance reporting process for its First Nations Training to Employment and Aboriginal Training to Employment programs by:</p> <ul style="list-style-type: none"> <li>• updating program performance measures and targets</li> <li>• analyzing program performance including the reporting it receives from funding recipients, to compare to user needs, planned results and program costs</li> <li>• reporting its analysis of program results and achievement of the ministry desired outcome, including lessons learned</li> </ul> <hr/> <p><b>Consequences of not taking action:</b> Without robust processes to measure, monitor and report on program results, management and stakeholders may not have the information they need to assess whether the programs are achieving planned results and to make decisions that support what's working well and identify the changes needed for what's not working well.</p> | <b><u>May 2022, p. 18</u></b>   | <b>Ready for Assessment</b> |
